

YEAR 6 CLASS NEWS!

Your termly newsletter about our classroom!

This term, look forward to...

Dear Year 6,

Can you believe it's the final term of year 6 already? How time has flown... It feels like it was only yesterday when we first met, and now it's almost over...

But before we begin our farewells, there's so much to look forward to this term, especially our end of year trip and let's not forget Hajj and Eid ul Adhaa!

Ayeshah Apa, Aaminah Apa and Humaira Apa

THEME

Our theme this term is..

ROLE MODELS

Year 6, it's time to start looking ahead and thinking of the future.

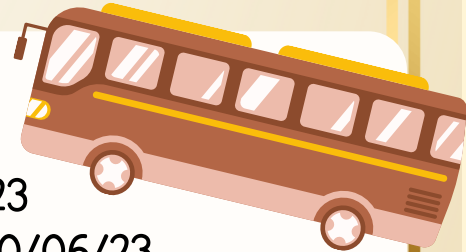

Who is it that you aspire to be like?

Perhaps you will be inspired by some of the topics you cover this term...

YOU CAN DO IT! YOU LOVE DOING IT!
IF NOT, NOW? WHEN?

What will we learn this term?

MATHS

STATISTICS

- We will draw, read and interpret complex graphs.
- We will read off approximate values for data that lies between two marked points.
- We will infer what has happened in a given situation based on the information provided in the line graph.
- We will recognise the importance of a key to ensure that the bar charts can be interpreted.
- We will construct pie charts using a protractor.
- We will calculate and interpret the mean as an average.

POSITION & DIRECTION

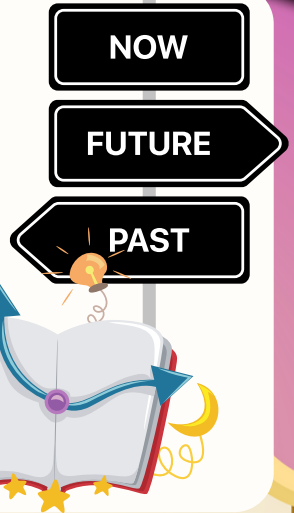

- We will describe positions on the full coordinate grid, including all four quadrants.
- We will draw and translate simple shapes on the coordinate plane, and reflect them in the axes.

ENGLISH

FICTION FOR TRANSITION: MY PAST, PRESENT AND FUTURE

We will take a trip down memory lane, reading and writing stories inspired by memories. We will also create memorable still life art work inspired by our time in year 6. We will work towards creating an inspiring end of year performance which will not leave a dry eye in the house!

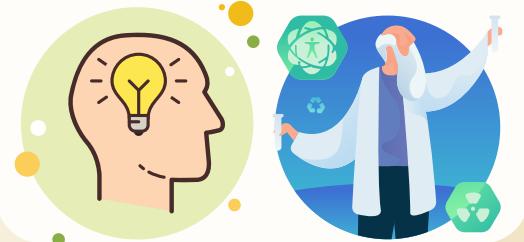

SCIENCE

SCIENTISTS & INVENTORS

We will be introduced to famous scientists and inventors who inspire our lives through their work.

We will choose a scientist or inventor to research and select appropriate information about the chosen scientist or inventor.

We will create a poster or infographic about the chosen scientist or inventor, ensuring we have outlined the significant discoveries and work of the chosen scientist or inventor.

COMPUTING

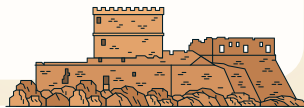

DIGITAL DESIGN

In computing, pupils will be researching, planning and designing a presentation about famous scientists they are learning about in science. They will learn new formatting, animating and presentation skills, which they will use in their final piece.

HISTORY THE INDUS VALLEY CIVILISATION

In History, we will be learning about the early civilisation of the Indus Valley. We will be locating where in the world it existed and learn about the key people who led the discovery of the Indus Valley civilisation. We will also learn about different aspects of life during the Ancient Indus Valley civilisation, including what it was like to live in a city and what clothes and jewellery the people wore.

D&T CREATE AND MAKE

In D&T, we will be designing and creating a variety of things, including shoes and many more interesting and exciting items. We will then evaluate our wonderful creations at the end to conclude our topic.

P.S.H.E

ASPIRATIONS, WORK & CAREER

We will be looking at a broad range of careers that people can have and stereotypes in the workplace.

FIQH WAJIBAAT OF SALAH & JANAZAH

In our fiqh lessons this term, we will be studying the wajibat of salah. We will cover all the different wajib acts in the various positions of salah. We will also recall how to correct a mistake if a wajib acts is missed out. We will also outline the actions required for a janazah during ghusl, shrouding of a female and janazah salah.

P.E ATHLETICS

This term, we will be developing our existing running, jumping and throwing skills as well as learning new skills by taking part in individual, paired and group activities and games

ARABIC FOOD, DRINK AND ARABIC SPEAKING COUNTRIES

In our Arabic lessons this term we will learn breakfast, lunch and dinner items whilst being able to express our likes and dislikes. We will be able to construct simple and extended sentences with old and new vocabulary, and also have a simple conversation about the foods we eat and which foods are healthy and unhealthy. We will then move onto Arabic speaking countries, learning the names of the countries, how to say our nationalities in Arabic and where we are from.
